

## FUNDRAISING PROJECT #1 – RESERVED PAID PARKING

### TVQMA Fundraising Goal

**Purpose:** To create a reserve fund for TVQMA Maintenance and Major Repairs account. These major types of repairs are more than what is available to the club in our annual operating budget. Repairs will include, but are not limited to:

- a. Emergency tree trimming for safety purposes
- b. Repair, replacement, resurfacing, and/or resealing of the asphalt racetrack surfaces
- c. Leveling and shoring of Tower building due to ground settling and tree root intrusion.
- d. Licenses, permits, and inspections by the City of Livermore
- e. Purchase of any new equipment necessary to perform race day events

**The money in this fund is to be used for maintenance and repairs as necessary at the track location of 6978 Northfront Road, Livermore, Ca. The minimum account balance of the fund will be determined by the Board of Directors based on the estimated future repairs to preserve the track integrity, onsite structure and building safety, as well as overall security of property. In all circumstances, the Board will make every effort to seek the input and advice of club members that may be able to provide qualified trade services for such repairs.**

Reserved Front row parking will be available first to Track, Tech, Safety, Tower, and VP;  
Number of reserved spaces to be determined by the board. Spaces will be numbered and marked accordingly.
